ROLLING TO VICTORY

SPEEDY: Motherwell Rollers speed-skater Sandile Peyi recently returned from a European tour sponsored by Lotto, where he trained with some of the fastest speed skaters in the world and took second place in a competition in Tatabanya, Hungary. He received additional funding from his school, Ncedo Senior Secondary. Peyi and fellow Motherwell Rollers team members will compete in the Open Inline Speed Skating Championships in Cape Town next year and need sponsorships. This is an open championship and skaters from overseas have been invited to compete.
